In this comprehensive guide, we'll walk you through every aspect of playing squash, from the basic rules to advanced tactics, ensuring you're well-equipped to step onto the court with confidence.

Understanding the Basics of Squash

Before diving into gameplay techniques, it's important to grasp the foundational elements of squash.

What Is Squash?

- An indoor racquet sport played between two players (singles) or four players (doubles).
- The game is played in a four-walled court with a small rubber ball.
- The objective is to score points by making your opponent unable to return the ball before it bounces twice.

Objective of the Game

- Win by reaching the designated number of points first (commonly 11 or 15 points, depending on the scoring system).
- To do so, players must outmaneuver their opponent, hit the ball to areas of the court that are difficult to reach, and maintain strategic control of the game.

Scoring Systems

- Point-a-Rally (PAR): A point is scored on every rally regardless of who served.
- Traditional Scoring: Points are only scored by the server.
- Most modern courts and leagues use PAR scoring, with matches typically played to 11 points.

Essential Equipment and Court Overview

Racquet and Ball

- Racquet: Light (usually 110-150 grams), with a grip suitable for comfort and control.
- Ball: Small rubber ball, typically with a pressure rating to control bounce and speed.

Clothing and Footwear

- Wear comfortable, breathable athletic clothing.
- Use non-marking indoor court shoes with good grip to prevent slipping.

The Squash Court

- A rectangular enclosed area with four walls.
- Dimensions: approximately 9.75m long, 6.4m wide.
- Markings include the out line, service line, tin (bottom boundary), and back walls.

- The ball must land in the opposite back quarter of the court.
- Serve with a controlled, consistent motion to set up your next shot.

Tips for a Strong Serve:

- Vary your serves (high, low, deep, short) to keep your opponent guessing.
- Practice both forehand and backhand serves.
- Focus on accuracy over power initially.

3. Returning the Serve

- Move quickly to the T (central position) after the serve.

- Anticipate the serve's direction based on the placement.
- Use a racquet grip suited for quick reactions.

Return Techniques:

- Use a controlled shot, aiming to keep the ball low and deep.
- Position your body so you can hit on the full swing.
- Use a defensive shot if you're out of position.
